Dear Supervisors – Attached are two reports of interest, first is an updated report on Security Awareness Training. This training is due August 30. Second, is an updated report on STICS and ScienceHub Journal Article entries. The “Summary” tab on this report allows you to select your specific Branch and view cleared publications awaiting entry into Science Hub.

If you have questions or comments on the Security Training spreadsheet, please contact your local [Customer Support Representative](#) and for the ScienceHub report, please contact [Alex Montilla](#).

We appreciate your support in moving these critical matters forward.
